THE WEATHER

Conditions.
The barometer pressure continues
high over all districts except the north
plains states, where it is low and fall-
ing. This pressure distribution has re-
sulted in generally fair weather over
the country, although there have been
light local rains along the middle At-
lantic and New England coasts.
Temperatures remain low for the
season over all districts east of the
Mississippi River.

With the exception of unsettled weath-
er and probable showers in the upper
lake region the weather will be fair
Wednesday and Thursday in the
states east of the Mississippi river,
where the temperature will rise dur-
ing the next 36 or 48 hours.
The winds along the north Atlantic
coast will be gentle to moderate west
and fair weather; middle Atlantic
moderate variable and fair weather.

Practice—Ladies' Aid Society of
Federated Church Hold Regular
Monthly Meeting—Personals.

The Greenville A. C. football team
had at the Greenfield house the advan-
tage of the cool evenings for the tryouts.
The team this year will be one of the
strongest that has represented Green-
ville in the past. Captain Grady and
Manager Flemming are rounding the
backfield into a fast combination. The
line will be heavier than in years pre-
vious. Several new recruits have been
given a tryout with the team and some
show prospects of landing regular po-
sitions. The Greenville team is open
for arrangements for games this com-
ing season.

CLARENCE SIMMONDS PLEADS GUILTY

To Murder in Second Degree and Sentence is Deferred—Had
Previously Entered Plea of Not Guilty to First Degree
Murder—Fred White of North Stonington Gets Year in
Jail for Assault—James Finn Sentenced to Cheshire Re-
formatory for Drug Store Break in This City—Bradley
Street Shooting Case Started Tuesday Afternoon.

At the criminal court session in this
city on Tuesday Clarence Simmonds,
colored, charged with first degree mur-
der in causing the death of Miss Ed-
Gravelin, white, in Voluntown, in Au-
gust, entered a plea of guilty of sec-
ond degree murder, and sentence was
deferred. Simmonds had previously
entered a plea of not guilty to first
degree murder.

Court convened Tuesday morning at
10 o'clock when Judge Lucien F. Bur-
pee on the bench. There were over a
dozen prisoners in the pen and the
spectators seats were well filled.
A plea of guilty to assault on a fel-
low townsman with a gun was entered
by Fred White of North Stonington,
and he was sentenced to a year in jail.
A plea for the accused was made as
it was said liquor was at the bottom
of his trouble. It was stated that the
gun was filled with birdshot and that
he did not point it at anyone.

Pleaded Guilty of Theft.
Charged with theft, Joseph Schimber
and E. Kolinski of New London plead-
ed guilty. Schimber got 10 months in
jail and Kolinski was placed on pro-
bation for the same term of time.
The men were arrested in this city by
the local police following a complaint
to the Norwich and New London po-
lice by a representative of the Nor-
wich-New York propeller (Chelesa) line.
They were employed by the
Chelesa line and stole freight from the
steamer Chelesa about a year ago.
For running a disorderly house at
Quaker Hill, Edward Maloney of New
London was fined \$50 and costs and
sentenced to six months in jail. Law-
yers Smith and Dorsey made pleas for
the young man, but Major Hall said
the house had a bad reputation and
made trouble for the neighborhood.

Sent to State Prison.
A plea of guilty was entered by
Nelson R. King, alias Nelson R. Roy,
45 years of age, of Jewett City,
charged with abortion. He was sen-
tenced to from one to two years in
prison. The offense was committed
on May 1st and the young woman in
the case resides in Jewett City. He
and the girl were employed in the
same mill. Attorney Alofsen appeared
for the accused.

The cases against Michael Bowman
and Joe Molinsky, former charged
with assault, and the latter charged
with theft, were continued.
Alfred Mengh of Groton entered a
plea of not guilty to the charge of
assault upon Nicholas Bassil with a
pistol.

Court took a recess at 1 o'clock and
came in at 2. At the afternoon ses-
sion the case of Edward Weaver, ac-
cused of murder James Walsh of Gro-
ton, charged with assault with in-
tent to murder James Walsh of Gro-
ton, was called on. Major Hall said the
evidence was not strong enough to
convict the man.

James Finn, aged 17 years, pleaded
guilty to the charge of breaking and
entering Smith's drug store on Main
street, this city, and was sent to the
reformatory in Cheshire. He belongs
in Washington, this state, and his
mother, a widow, was in the court-
room.

The case of the state vs. Earl Kelly,
a soldier, was called up. He was
charged with indecent assault com-
mitted in New London on May 26th.
Judge Burpee sent him to the reformatory.

Joseph Lucier Pleads Guilty.
A plea of guilty was entered by Jo-
seph Lucier of Worcester, charged
with the theft of an automobile in
New London, and he was sent to the
reformatory. He stole an automobile
belonging to Henry Weaver of New
London and drove the car here. He
was arrested by Policeman Dombrowsky.

Major Hall then informed the court
that he had been informed by Attorney
Desmond, counsel for Clarence Sim-
monds, against whom a true bill of
murder in the first degree had been
found for killing Mitchell Gravelin in
Voluntown on Aug. 20th, that the ac-
cused was willing to plead guilty to
murder in the second degree. This
was upon the advice of his counsel.
Simmonds was put to plea and entered
a plea of guilty to murder in the sec-

ond degree. Sentence was not pro-
nounced on Tuesday.

Bradley Street Shooting Case.
After a short recess, court recon-
vened and the case of the state vs.
James Springer, charged with assault
with intent to murder, was called up.
The first witness was Barney Lubnow,
a Bradley street saloon keeper, who
was tending bar at the time of the
shooting, which occurred in Bradley
street, New London. Springer is
charged with shooting at Ernest Jones
and Jones is charged with shooting at
Springer. Jones pleaded guilty. Both
are colored.

Lubnow told of going to the door-
way of his saloon when he first knew
that the trouble had started, and he
told of seeing Jones fire first. He said
he thought five or six shots were fired
while he stood in the doorway. He
saw Springer fire two or three.

Franz Meyer, a Polish saloon keeper
who has his place of business on
Bradley street, was next called. He
said he was in his saloon had the first
he knew of the trouble was when he
heard shots fired. He went to the
doorway but did not get out on the
sidewalk. He saw at least one shot
fired. Then he saw a Polish man
come from the direction of Douglas
street and grab Jones by the hand.
Another colored man came across the
street and threw the Polish man down.
He didn't see where Springer went.
He was still on the stand at 4:30
o'clock when Judge Burpee adjourned
court until 10 o'clock this morning.

LEAVES \$10,000 TO
THE BACON ACADEMY.

Will of Lewis E. Stanton Admitted to
Probate in Hartford.

The will of Lewis E. Stanton, for-
merly clerk of the superior court of
New London county, disposing of an
estate estimated to be between \$300,-
000 and \$400,000 in value, was admit-
ted to probate by Judge L. P. Wolfe
Marvin in Hartford on Monday. The
will, originally executed Nov. 4, 1908,
has two codicils. It directs that all his
personal wearing apparel be given to
the Open Health, and wearing apparel
in his house in Clinton to the security
company, which is later made executor,
requesting \$750.00 interest and bank
stock, \$184; tuition, \$550; to be raised
by tax, six mills, \$106,499.50; total,
\$121,331.07.

The school for school purposes this
year will be one-quarter mill less than
any year since the consolidation of
the town schools and will be six mills.
The school property, which will not re-
duce the amount of the tax is attrib-
uted to the excellent condition of
the school property, which will not re-
quire such large outlays the coming
year as has been the case since the
town took them over under the con-
solidation system.

Miss Lillian Calkins has been elect-
ed sixth grade teacher in Greenville.
Miss Jennie Crowe of the Greenville
school has been made principal of the
Laurel Hill school, taking the place of
Miss Rosina Burgess, resigned. Miss
Mary Shields was elected a substitute
teacher.

The date set for opening the even-
ing school was Oct. 3, and Fred J.
Newton was elected principal. The se-
lection of teachers has not been made
as yet.

COLLEGE PREPARES FOR
OPENING NEXT MONDAY.

Work of Getting Dormitories and Re-
fectory Has Started.

The work of getting the Connecti-
cut college dormitories and refectory
in readiness for the opening on Sept.
25, has been started. The dining hall
chef and his wife, who had charge of
Thames hall last year, are already lo-
cated at the refectory, which they are
cleaning and preparing for serving the
first meal for this term. Many of
the instructors, although occasional
visitors at the college, do not ex-
pect to take up their residence at
Thames hall until the actual opening.
On Sept. 20 the entrance examina-
tions will be held, and Monday and
Tuesday following the time will be
devoted to the registration of stu-
dents known as non-residents.

It is anticipated that a large part
of the class for this year will be
made up of non-resident students with
a good percentage of students enrolled
as special or students who will not
take a full academic course.

Improvements are being made at
the institution by placing an iron
rail at the flight of stone steps at the
Mohegan avenue entrance to Thames
hall, which seems a necessity, espe-
cially during the winter and the mak-
ing of the music studios sound proof.
The studios will be located in the
basement of Blackstone house. Dur-
ing last term the studios were located
in first floor rooms of Plant house, but
on account of the need of every avail-
able room for the housing of the
resident students, it was decided to
place the studios in the basement of
the dormitory. This change will be
of great benefit as the studios were
often used as practice rooms and as
the sound was easily heard through-
out the entire building, students were
often times annoyed, especially during
study hours.

WEDNESDAY EVENING CLOSING
OVER FOR THE SEASON.
Retail Stores Will Remain Open To-
night Until Regular Closing Time.

Norwich retail stores which have
been closing during the summer
months, on Wednesday evenings at 6
o'clock, will, beginning tonight, re-
main open on Wednesday evenings un-
til the usual closing time for that eve-
ning, which in most instances is nine
o'clock. Now that the fall season is
fully opened this will be a convenience
which the public will appreciate.
There are many persons whose time is
occupied during the day who are un-
able to trade except in the evening.
Local merchants are looking forward
to an active business this evening as
many of the fall openings are now in
progress.

TOOK NO ACTION
ON CLUB LICENSES.

Nothing to Report That There Will
Be Only Six Issued in Norwich Af-
ter November 1.

Nothing to it at all, said County
Commissioner Fred J. Brown Tuesday
evening when questioned in regard to
the report that there would be fewer
club licenses in this county after No-
vember first. County Commissioner
Brown said that no action of any kind
had been taken at the meeting of the
commissioners in this city on Tuesday,
with regard to club licenses. The re-
port was to the effect that there would
only be six club licenses each for
Norwich and New London and one
each for Stonington and Lisbon.

George Carlton Scolded.
George Carlton, formerly of Mont-
ville, is in a critical condition in a New
Jersey hospital, as the result of a
scalding received from an explosion of
a gasoline engine. Mr. Carlton was
on a boat at Perth Amboy at the time
of this accident.

Get the Habit of
Drinking Hot Water
Before Breakfast

Says we can't look or feel right
with the system full
of poisons.

Millions of folks bathe internally
now instead of loading their system
with drugs. "What's an inside bath?"
you say. Well, it is guaranteed to
perform miracles if you could believe
these hot water enthusiasts.

There are vast numbers of men and
women who, immediately upon arising
in the morning, drink a glass of real
hot water with a teaspoonful of lime-
stone phosphate in it. This is a very
excellent health measure. It is in-
tended to flush the stomach, liver, kid-
neys, and bowels, and to get rid of the
poisons of the previous day's waste, sour bile
and indigestible material left over in
the body which if not eliminated every-
day become food for the millions of
bacteria which infect the bowels, the
quick result is poisons and toxins
which are then absorbed into the blood
causing headache, bilious attacks, foul
breath, bad taste, colds, stomach trou-
ble, kidney misery, sleeplessness, im-
pure blood and all sorts of ailments.

People who feel good one day and
badly the next, but who simply can't
not get feeling right, are urged to
obtain a quarter pound of limestone
phosphate at the drug store. This will
cost very little but is sufficient to
make anyone a real crank on the sub-
ject of internal sanitation.

Just as soap and hot water not ch
the skin, cleansing, sweetening and
freshening, so limestone phosphate
and hot water act on the stomach,
liver, kidneys and bowels. It is vastly
more important to bathe on the inside
than on the outside, because the skin
pores do not absorb impurities into
the blood, while the bowel pores do.
